

Dramatic Electrician Killed.

An accident struck to the heart of every citizen of Great Barrington, Mass., on October 13, when Franklin L. Pope, an electrician, whose skill has made him prominent throughout the electrical world, lost his life by means of the same mysterious fluid that has made him famous. Mr. Pope went into the cellar to remedy some trouble in his electric lighting apparatus. Soon afterwards, hearing a noise below, members of the family hastened into the cellar. There the electrician was found lying beside the converter, lifeless. Three thousand volts had passed through his body. Franklin L. Pope was born fifty years ago in the same house in which he was killed. He was well known the world over as a great electrician and inventor, and to his energies in his chosen life were the world owes much. His articles upon electricity have been published in some of the leading science journals of the country. Mr. Pope leaves a widow, one son and two daughters.

Not Clever Enough.

Mr. Labouchere, while undergoing his Little-go examination at Cambridge University, noticed a number of dons prowl about, in the hopes of catching some one cheating. So he hastily scribbled a few words upon a sheet of paper, hid it away under his blotter and ostentatiously referred to it from time to time, with a great parade of furtively looking around to see that nobody was looking. The trap was not long in taking effect. Argus thunderingly inquired what he had got there. 'Oh! nothing—at least, only a piece of paper,' stammered the ingenious youth provokingly. But the examiner was inexorable. He insisted on looking under the blotter, and was rewarded by reading, in a large, round hand, the words: 'You may be very clever, but you can't out-eke!'

Eva, Carroll and Lily Brown
Stowe, Vermont.

"C. L. Hood & Co., Lowell, Mass.: 'Gentlemen:—Last winter, my two girls, boy and wife were taken ill. The doctors said they were poisoned by drinking water from an old well. The two girls failed to rally under the doctor's treatment. Eva, aged four years, fell away so she only weighed 18½ lbs.; coughed all the time and was helpless. Physicians said she had Consumption.'

Lily, aged eight years, was nearly as bad as Eva but being older and stronger, held up a little better. We gave them both Hood's Sarsaparilla, which built up their strength and health, and so they became fat and plump, lively and happy. My son Carroll was in a bad condition, having a bad cough and very weak. He was obliged to lie down most of the time. One bottle of Hood's Sarsaparilla put him on his feet and restored perfect health. I believe Hood's Sarsaparilla saved my children's lives."

DESCRIPTION AND TERMS:

CREOLE is the gamest, fastest and best bred stallion that has ever been imported into the Hawaiian Islands. He reduced his record of 2:20 to 2:15 in Petaluma, Cal., August 24, 1894, distancing his whole field in the first heat, then again to 2:15 in stockton, Cal., September 23, 1894, winning the first heat in 2:15 1/2, fourth heat in 2:15, and fifth heat in 2:19, proving that he is a remarkably game as well as a speedy race horse. ("Creole by Prompter out of Grace by Buccaneer show that he is capable of getting a mark of 2:10 and is one of the gamest stallions seen this year, and besides being game, is one of the best formed, and remarkably intelligent."—Breeder and Sportsman, Sept. 25, 1894.) He is 15 1/2 hands high and of powerful build throughout. His color is glossy black with one white hind foot. His disposition is all that could be desired, and his action superb. He is a sure foot getter.
